### **DETAILED ACTION**

1. The applicant's election of group 1, claims 1-11 is acknowledged, and claims 12-18 are withdrawn from further consideration.

Claims 1-11 are allowable over prior arts of record fro the reasons as stated below.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 12-18 are canceled as directed to a non-elected invention.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:

The prior arts fail to teach or fairly suggest an external high/low voltage compatible semiconductor memory device includes an internal voltage pad, an internal voltage generation circuit, and an internal voltage control signal generation circuit. The internal voltage pad connects a low external voltage with an internal voltage, and the internal voltage generation circuit generates an internal voltage in response to an

internal voltage control signal and a high external voltage. The internal voltage control signal generation circuit generates an internal voltage control signal according to a high or low external voltage. The advantage is that a database of the semiconductor memory device can be managed without classifying the database into databases for the high voltage and databases for the low voltage because of the internal voltage control signal. In addition, other advantages include the internal voltage level is stable because charges provided to the internal voltage are regulated according to a voltage level of the external voltage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
